

Assessment Not Indicated by PLE Scores

Purpose: To document why an assessment is needed in a domain not found to be below normal on the most recent developmental PLE.

Procedure: Service Coordinator completes with family prior to referring the child for the additional assessment.

Date: mm/dd/yyyy Service Coordinator and family initiates form.

Developmental Area of Concern: The specific developmental domain in which the child may have developed delays.

Family Concerns: Summary of the concerns the family has in the specific area of delay. If none at this time, do not complete assessment at this time.

Date: mm/dd/yyyy family member signs form.

Signature of Parent/Legal Guardian: Signed by the parent(s)/legal guardian(s) verifying their identified concerns.

Reason Why A Current Provider Cannot Assess Area of Concern: Clearly explain why none of the current providers can assess the area of concern.

Changes In Child's Abilities Warranting New Assessment: Clearly describe what has changed with the child's abilities since the last PLE and what specific concerns warrant an assessment of the developmental area at this time.

Approval Method: Place a ☒ in the appropriate column showing how approval was given.

Date of Approval: mm/dd/yyyy approval given.

Signature or Name: Team member signs if attended meeting. If not in attendance, name listed.

Agency: Name of provider's agency holding contract with CCSHCN.

Discipline: Provider's discipline.
